Information for Circumcision

We provide services for circumcisions in our office until 14 days old. After 14 days, WE DO NOT DO CIRCUMCISIONS and will refer your child to a urologist. It is important to schedule and have your child's circumcision done as soon as possible. Of course, exceptions can always be made by the physician; please contact our office with questions.

A few important things to know:

- \$150.00 is due at time of service, payable by cash or credit/debit. (We cannot accept checks for this procedure.)
 - We can file your insurance as a courtesy and will reimburse you if your insurance pays for the procedure – but you must still pay our fee before being seen. Most insurance companies (including Medicaid, MS Can, and Magnolia) consider the procedure elective and will **not** pay for it.
- Do not feed the child anything ONE HOUR prior to your appointment.
- Bring a clean diaper and a pacifier with you to the appointment.
- Prepare to be at your appointment for at least 45-60 minutes.

Your appointment is at the _____ office at _____. You are scheduled to be seen by Dr. _____. Please be prompt for this visit; if you are more than 15 minutes late, we will have to reschedule your appointment.
